Main census table with columns for LOCATION, NAME, RELATION, PERSONAL DESCRIPTION, NATIVITY, CITIZENSHIP, OCCUPATION, EDUCATION, OWNERSHIP OF HOME, and other details. Includes handwritten entries for various individuals and a note: 'Here ends the enumeration of Quaterna Precinct'.

SPECIAL INQUIRIES RELATING TO INDIANS.

Table for special inquiries with columns for Tribe of Indian, Tribe of Father, Tribe of Mother, Proportions of Indian and other blood, Graduated from what educational institution, and Residence and dwelling.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 8-1589) as members of the families in which they are found; but detached whites or negroes living in Indian families should be enumerated on this special Indian schedule as members of the Indian families in which they are found.

Spaces are provided for entries for 20 persons on each side (A and B) of the sheet, the entries for each person running twice to the page. Columns 1 to 46 are to be filled for each individual case, if applicable, according to the instructions.

Columns 1 to 32.—These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding column in the general population schedule (see book of instructions), but note the following additional instructions in relation to filling columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers.—If, in canvassing a given territory, you are using both the general population schedule (Form 8-1589) and this schedule for Indian population, make two independent series of numbers for these columns, one series in each kind of schedule, so that the last number in column 1 on this schedule added to the last number in column 1 on the general population schedule will give the whole number of dwellings visited, and, likewise, the last number in column 2 on this schedule added to the last number in column 2 on the general population schedule will give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday.—Some difficulty may be met in ascertaining the exact ages of Indians, as they frequently reckon their ages from notable events occurring in the history of the respective tribes. Endeavor to ascertain the years in which these notable events occurred, and with a little calculation on your part you should be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation.—If the Indian is wholly self-supporting, enter his or her occupation in column 18 and 19 in accordance with the general instructions for returning occupations. If the Indian—man, woman, child—has no occupation and is wholly dependent on the Government for support, write "Ration Indian".

18. If the Indian is partly self-supporting and the Government "R" in columns 18 and 19, and the "R" in
